Also Mr Soboroff if you do re-state your facts below to S.A. Yarbrough can you correct your ,(also get perhaps accidental), omission of your name below the word "respectfully"?
Thanks

Here's the email Soboroff sent outside previous string after I contacted his son and daughter.I had FBI S.A. Yarbrough in the "To" field and in the first line of the message ask Steve to "reply all". He then hits reply instead,dodging S. A. Yarbrough.Could be accidental.Again Mr Soboroff if it was accident can you hit reply all and make sure S.A. Yarbrough is in "To" field, and re-state the facts you stated below ?
No?
(If he does not reply I think that weighs in favor re. review)

This is the first time I have heard of any of this situation

I have not spoken with Ms Harris since she was VP.

Nor have I been contacted by Detective Sohlund

I have no knowledge of the Thomson situation to which you refer

Respectfully

Hello Det Schlund and commission/IG Barragan.
I understand in these investigations you cant release most information but has Soboroff talked to you since the POST complaints and given his statement concerning the Thomson Affair witness statements? I'm not asking what he said,just trying to confirm he is still holding out/refusing to talk?If you don't reply I'll assume he still has not and is holding out/refusing to talk.
Thanks
